NOTES TO STUDENTS

1. We have scheduled at most one exam per day per class group, so ideally there should not be any clash of ordinary exams.
2. As a general rule, where a clash between a Retake/Special and an Ordinary exam cannot be resolved, the ordinary exam shall take priority.
3. Familiarize yourselves with the groups in which you have been registered and taught in. It will also appear on the Exam Card because in most instances, examination venues have been based on such groups. This is to avoid students being in a wrong venue even though the examination is the same.
4. Kindly adhere to the Ministry of Health COVID -19 protocols as well as related University regulations.
